

SENATOR BARNETT: The question is the adoption of the Carsten amendment to LB 170. All those in favor will vote aye. All opposed vote no. The adoption of the Carsten amendment to LB 170. While you're voting will you please extinguish the lights so we can tell who does and who does not want to talk up here because it's quite a sight. Have you all voted on the adoption of Senator Carsten's amendment? Clerk, record.

CLERK: 25 ayes, 5 nays, Mr. President, on the adoption of Senator Carsten's amendment.

PRESIDENT: Senator Carsten's amendment is adopted. What do you have now, Mr. Clerk, anything at all?

CLERK: I have nothing further on the bill, Mr. President.

SENATOR BARNETT: Senator Koch, there has been a request by Senator Lamb for a machine vote on the advancement of LB 170. Senator Koch, the motion is to advance?

SENATOR KOCH: That's right.

SENATOR BARNETT: Motion is to advance LB 170 and a machine vote has been requested. All in favor... I'm sorry, Senator Simon, I didn't see. I've got about five lights, six lights on here and I don't know who does and who does not wish to talk. Then you may talk. Senator Simon. If you do not wish to talk, please turn off the lights so we can tell who does and who doesn't wish to say anything. Thank you.

SENATOR SIMON: I've got a question for Senator Carsten if he will yield. I asked this on General File but there still seems to be some confusion. I was talking to Senator Reutzel. I guess I'd like this clear to the record again. In discussing with Senator Reutzel, he's expressed a concern because his county felt they had done their re-evaluation and they were going to be current and they were concerned that if LB 170 passed there was going to be a roll back. I'd like it clear again for the record, since there is some confusion, that provisions of LB 131 will still be in force. Is that not correct, Senator Carsten?

SENATOR CARSTEN: Yes, that's correct, Senator Simon. We did not touch 131 whatsoever.

SENATOR SIMON: So any county that does not re-evaluate by this year will be penalized? There's not going to be any roll back?

SENATOR CARSTEN: There's no roll back or no prevention of the implementation of 131. That's correct.

SENATOR SIMON: Thank you, very much. I merely asked the question again because there seems to be continued confusion on this point.

SENATOR BARNETT: Senator Hefner.

SENATOR HEFNER: Mr. President, I have a question of Senator Carsten.

SENATOR BARNETT: Senator Carsten, please.

SENATOR HEFNER: I understand it's going to cost between \$20 and \$40 to put a parcel on the state computer system. Who is going to pay for this.
